| RE: | Insured: | Vince Gentiluomo |
| | Claim Number: | 0002675531 |
| | LSG Matter Number: | 933400.0163-00 |
| | Date of Loss: | July 17, 2025 |

Dear Ms. Dean,

Thank you for choosing Loss Solutions Group as your equipment loss consultant. This report serves to provide an analysis of the above-referenced claim.

***Assignment:***

Loss Solutions Group was contacted by Ms. Brittany Dean of Westfield Insurance. The scope of this assignment was to address the extent of damage, salvage value, and repair / replacement costs associated with the insured's home main sewage line running from the insured's basement then roughly seventy feet (70') out to the street. The damage was reportedly related to a root infiltration event on July 17, 2025.

***Findings and Analysis:***

Loss Solutions Group contacted the insured, Mr. Vince Gentiluomo (440-773-4004), to advise him of our involvement in reviewing this claimed event. During our conversation, Mr. Gentiluomo explained that a root intrusion in his main sewage line caused significant issues, prompting him to hire Mr. Rooter. The vendor found roots in the lines, necessitating removal of the basement toilet and underlying concrete to access and replace damaged piping that could not be relined. They installed approximately seventy feet (70') of fiberglass resin liner through the main line to the curb before putting the toilet back in place. However, Mr. Gentiluomo noted that the toilet repair is incomplete, requiring shimming to the toilet, leveling cement, and tilework to be finalized.

Note: The presented costs do not appear to include the final repairs to the basement toilet. If costs are presented at a later time we can review them upon request.

Loss Solutions Group contacted the insured's plumbing vendor, Trades RTR, LLC – Mr. Rooter (800-843-9590), and spoke with Mr. Bryan Bower, a project manager, to discuss the claimed event and their findings. The vendor reported responding to a root intrusion in the insured's basement, where camera inspection revealed tree roots causing major cracks throughout the main sewage line to the street. They removed the basement toilet and underlying concrete, jetted the lines to clear the roots, and installed approximately seventy feet (70') of a four inch (4") in diameter cured-in-place fiberglass resin liner from the main line to the curb. They then re-installed the toilet with new associated piping, similar in like kind and quality, and patched the removed concrete to complete the repair.

## Scope of Damage

Loss Solutions Group submits that the insured reportedly sustained significant damage to the insured's home main sewage line running from the insured's basement roughly seventy feet (70') out to the street. The damage was reportedly related to a root infiltration event on July 17, 2025.

## Age & Condition

The insured reported that the home was built in 1951, making the subject pipes seventy-four (74) years old and in average condition at the time of the claimed event.

## Reparability

Loss Solutions Group has reviewed the information provided, and we have discussed the damage with the vendor involved. We submit that the already completed repair path was warranted due to the damage reportedly sustained during the claimed event.

## Cost Analysis

Loss Solutions Group has researched the costs using alternate vendor resources, historical references, similar equipment costs, and vendor experience and we have discussed the pricing with the vendor involved. The following is a breakdown of the associated costs.

**TRADES RTR, LLC - MR. ROOTER (800-843-9590) INVOICE # 1258780230**

Loss Solutions Group has reviewed the amount of $14,430.00 for the repairs made to the insured's basement toilet and main sewage line.

Included in the cost is an amount for roughly seventy feet (70') of a four inch (4") in diameter fiberglass resin liner through the main line to the curb, miscellaneous piping to repair the basement toilet, and patch the removed concrete to complete the repair. We submit these components were required to complete the repair and the costs are fair and reasonable.

Loss Solutions Group has reviewed the labor costs for the vendor to diagnose the damage and to perform the repairs. We submit that these amounts are fair and reasonable to complete the scope of work as presented to us.

**RCV**

Loss Solutions Group submits an amount of $14,430.00 (RCV) as being fair and reasonable to return the insured to a pre-loss condition. A further breakdown of the pricing is available in the attached spreadsheet.

**Salvage**

Loss Solutions Group submits that there is little to no salvage value associated with this claimed event.

***Summary:***

Loss Solutions Group's findings herein are based upon all information that was available at the time of this writing. The opinions are based upon reviewed documentation, interviews, research, experience, historical references, training and education.

1. The insured, Vince Gentiluomo, claimed that their home's main sewage line was damaged. The damages were reportedly related to a root infiltration event on July 17, 2025. A total amount of $14,430.00 was presented.

2. The insured reported that the home was built in 1951, making the subject pipes seventy-four (74) years old and in average condition at the time of the claimed event.

3. Loss Solutions Group has reviewed the provided information, and we have discussed the damage with the vendor involved. We submit that the already completed repair path was warranted due to the damages reportedly sustained during the claimed event.

4. Loss Solutions Group submits an amount of $14,430.00 (RCV) as being fair and reasonable to return the insured to a pre-loss condition. A further breakdown of the pricing is available in the attached spreadsheet.

5. Loss Solutions Group submits that there is little to no salvage value associated with this claimed event.

If you have any questions or if you need any additional information, please feel free to contact Tanner Beuret at (866) 899-8756 ext. 755, or via email at tbeuret@losssolutionsgroup.com. Team Leader Nick Ramos can be reached at (866) 899-8756 ext. 724, or via email at nramos@losssolutionsgroup.com.

## TERMS AND CONDITIONS

It is agreed that Mr. Rooter® is not responsible for the following:

1. Damage caused to the customer"s property as a result of obtaining access to and exposing plumbing and drainage systems.
2. Additional plumbing work beyond that specifically mentioned in this estimate and proposal including, but not limited to, that which may be required because of preexisting plumbing code violations or additional work revealed to be necessary as a result of performing the specified work.
3. Any repairs, installation, removal or replacement of non-plumbing items or activities including but not limited to: concrete, paving, asphalt, slabs, sidewalks, driveways, patios, pools, shrubbery, grass lawns, fences, electrical wiring and fixtures, painting, decorations, plastering, sheetrock and other wall coverings, glass, carpentry, millwork, cabinets, floors, carpeting, floor surfaces and preparation, roofing, flashing, sheet metal gutters, downspouts, brick, stonework, extension walls, steel and other framework.
4. Damage caused to customer's plumbing system by sewer and drain cleaning equipment when such is caused by pre-existing defects in such plumbing systems.

Customer accepts full responsibility for the prompt payment of all costs of this agreement even though customer may intend to obtain reimbursement from others such as landlords, tenants, insurance companies and tort feasors.

This proposal and said specifications shall not be altered or modified except by written agreement between the parties hereto and verbal understandings and agreements with representatives shall not be binding unless set forth herein.

## LIMITED SERVICE WARRANTY

Mr. Rooter warrants, to the extent stated herein, the plumbing repair service and drain cleaning services furnished by it. The stated period of warranty commences upon installation or repair of plumbing or upon cleaning of drains.

Purchaser understands that Mr. Rooter's liability under this warranty is limited to repair, replacement, recleaning or refund of purchaser"s money, and does not extend to property damage resulting from drains which become clogged or obstructed or from plumbing work which fails during the agreed upon warranty period.

This warranty gives you specific legal rights. You may also have other rights which vary from state to state.

## NOTICE TO OWNER

**THE LAW REQUIRES THAT THE CONTRACTOR SHALL SUBMIT A SWORN STATEMENT OF PERSONS FURNISHING MATERIALS AND LABOR BEFORE ANY PAYMENT IS REQUIRED TO BE MADE TO THE CONTRACTOR.**

1. **Do not sign this contract until you read it or if any spaces intended for the agreed terms, except as to unavailable information, are blank.**
2. **You are entitled to a copy of this contract at the time you sign it.**
3. **You may at any time pay off the full unpaid balance due under this contract, and in doing so you may receive a partial rebate of the service charge.**
4. **You may cancel this contract if it is solicited in person, and you sign it, at a place other than the seller's business address, by sending notice of cancellation by certified mail return request receipt requested to the seller at his address which notice shall be postmarked not later than midnight of the third day (excluding Sundays and holidays) following your signing this contract. If you choose to cancel this contract, you must return or make available to the seller at the place of delivery any merchandise, in its original condition, received by you under this contract.**

This contractor is registered to do business in the state in which this work is performed. (See registration number on the front side of this contract.) Where required, this contractor has posted with the State all necessary bonds or cash deposits for the purpose of satisfying claims against the contractor for negligent or improper work or breach of contract in the conduct of the contractor"s business. This bond or cash deposit may not be sufficient to cover a claim which might arise from the work done under your contract.

If any supplier of materials used in

your construction project or any employee of the contractor or subcontractor is not paid by the contractor or subcontractor on your job, your property may be liened to force payment. If you wish additional protection, you may request the contractor to provide you with the original "lien release" documents from each supplier or subcontractor on your project. The contractor is required to provide you with further information about lien release documents if you request it. General information is also available from the licensing board in your state.

The specific telephone number and address of your governing agency can be found by calling 1-800-583-8003 or by writing Mr. Rooter Corporation, P.O. Box 3146 Waco, Texas 76707.

## CALIFORNIA RESIDENTS ONLY NOTICE TO OWNER

"Under the California Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier, or other person or entity who helps to improve your property, but is not paid for his or her work or supplies, has a right to place a lien on your home, land, or property where the work was performed and to sue you in court to obtain payment.

This means that after a court hearing, your home, land, and property could be sold by a court officer and the proceeds of the sale used to satisfy what you owe. This can happen even if you have paid your contractor in full if the contractor"s subcontractors, laborers, or suppliers remain unpaid.

To preserve their rights to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are each required to provide you with a document called a "Preliminary Notice." Contractors and laborers who contract with owners directly do not have to provide such notice since you are aware of their existence as an owner. A preliminary notice is not a lien against your property. Its purpose is to notify you of persons or entities that may have a right to file a lien against your property if they are not paid. In order to perfect their lien rights, a contractor, subcontractor, supplier, or laborer must file a mechanics' lien with the county recorder which then becomes a recorded lien against your property. Generally, the maximum time allowed for filling a mechanics' lien against your property is 90 days after substantial completion of your project.

TO INSURE EXTRA PROTECTION FOR YOURSELF AND YOUR PROPERTY, YOU MAY WISH TO TAKE ONE OR MORE OF THE FOLLOWING STEPS:

(1)Require that your contractor supply you with a payment and performance bond (not a license bond), which provides that the bonding company will either complete the project or pay damages up to the amount of the bond. This payment and performance bond as well as a copy of the construction contract should be filed with the county recorder for your further protection. The payment and performance bond will usually cost from 1 to 5 percent of the contract amount depending on the contractor"s bonding ability. If a contractor cannot obtain such bonding, it may indicate his or her financial incapacity.

(2)Require that payments be made directly to subcontractors and material suppliers through a joint control. Funding services may be available, for a fee, in your area which will establish voucher or other means of payment to your contractor. These services may also provide you with lien waivers and other forms of protection. Any joint control agreement should include the addendum approved by the registrar.

(3)Issue joint checks for payment, made out to both your contractor and subcontractors or material suppliers involved in the project. The joint checks should be made payable to the persons or entities which send preliminary notices to you. Those persons or entities have indicated that they may have lien rights on your property, therefore you need to protect yourself. This will help to insure that all persons due payment are actually paid.

(4)Upon making payment on any completed phase of the project, and before making any further payments, require your contractor to provide you with unconditional ,,Waiver and Release" forms signed by each material supplier, subcontractor, and laborer involved in that portion of the work for which payment was made. The statutory lien releases are set forth in exact language in Section 3262 of the Civil Code. Most stationery stores will sell the ,,Waiver and Release" forms if your contractor does not have them. The material suppliers, subcontractors, and laborers that you obtain releases from are those persons or entities who have filed preliminary notices with you. If you are not certain of the material suppliers, subcontractors, and laborers working on your project, you may obtain a list from your contractor. On projects involving improvements to a single-family residence or a duplex owned by the individuals, the person signing these releases loses the right to file a mechanics' lien claim against your property. In other types of construction, this protection may still be important, but may not be as complete.

To protect yourself under this option, you must be certain that all material suppliers, subcontractors, and laborers have signed the 'Waiver and Release' form. If a mechanics' lien has been filed against your property, it can only be voluntarily released by a recorded 'Release of Mechanics' Lien' signed by the person or entity that filed the mechanics' lien against your property unless the lawsuit to enforce the lien was not timely filed. You should not make any final payments until any and all such liens are removed. You should consult an attorney if a
lien is filed against your property."

## How Much Does Trenchless Pipe Lining Cost?

For residential purposes, from $150-$200 per linear foot of lining. It varies by pipe diameter, installation complexity, and customer attitude. For Commercial purposes, $175-$225 per linear foot. Commercial installation would be high-rise buildings, factories, shopping malls etc. These installations are more complex since pipe downtime, even for just 4 hours, usually has an enormous impact on tenants and can cause much economic impact for any loss of use of pipe. Note also, every trenchless pipe lining company will have a minimum charge in order to mobilize their expensive equipment and trained crew.
