Buffalo, NY 14240-0430

RE:	Insured:	BOURBON GRILL & MORE, LLC
	Claim Number:	DFZ8759
	LSG Matter Number:	787200.11940-01
	Date of Loss:	February 2, 2025

Dear Ms. Williams,

Thank you for choosing Loss Solutions Group as your equipment loss consultant. This report serves to provide an analysis of the above-referenced claim.

Assignment:

Loss Solutions Group was contacted by Ms. Olivia Williams of Travelers Insurance. The scope of this assignment was to address the extent of damage, salvage value, and repair / replacement costs associated with the insured's damaged commercial kitchen exhaust system and hood, reportedly related to a fire event on February 2, 2025.

Findings and Analysis:

Loss Solutions Group contacted the insured, Mr. Van Lu with Bourbon Grill & More, LLC (912-536-9770), to advise him of our involvement in reviewing this claimed event. During our conversation, Mr. Lu explained that on February 2, 2025, their kitchen's stove was left on maximum heat for a second while some ingredients were being gathered, and when they came back to it the back wall had caught on fire and traveled upwards. The fire was reportedly contained in the hood and fire was being sucked up and out of the building completely melting and destroying the hood, ductwork, the make-up air fan, and the exhaust fan on the roof.

Loss Solutions Group contacted the insured's hood and exhaust fan vendor, T.M.G. Contracting (912-663-1227), and spoke with Mr. Thomas Canady to discuss the claimed event and their proposal. The vendor reported that due to the fire, damages were beyond repair and required a full replacement of the hood, ductwork, supply and exhaust fans. Mr. Canady went on to detail the parts needed for the job to help in breaking their costs down.

© 2022 by Loss Solutions Group, LLC. All rights reserved.

Loss Solutions Group contacted the insured's fire suppression vendor, East Georgia Fire & Safety (912-690-2527), and spoke with Mr. Brian Persinger to discuss their quote. The vendor reported that the system would need a new 4.6 gallon Pyrochem bottle/wet chemical, fusible fire links, and nine (9) new blow away fire suppression heads.

Loss Solutions Group contacted the insured's fire suppression vendor, East Georgia Fire & Safety (912-690-2527), and spoke with Mr. Brian Persinger regarding the two (2) new invoices that had been submitted to us. The first invoice, dated January 14, 2026, was explained by Mr. Persinger as the remaining balance for the job that had already been completed, and not a bill for any new work. The second invoice, dated November 6, 2025, was for additional work to relocate two (2) fire sprinkler heads. Mr. Persinger clarified that this adjustment was necessary due to the installation of a new hood that was slightly larger than the previous unit. As a result, the fire sprinkler heads needed to be moved a few feet to align properly with the drop ceiling tiles.

A total amount of $38,575.00 was presented.

Scope of Damage

Loss Solutions Group submits that the insured reportedly sustained significant damage to their commercial kitchen exhaust system and hood, reportedly related to a fire event on February 2, 2025.

Age & Condition

The insured reported that the affected equipment was around twenty-one (21) years old and in average condition at the time of the claimed event.

Reparability

Loss Solutions Group has reviewed the information provided, and we have discussed the damage with the vendor involved. We submit that the proposed replacement path is warranted due to the extent of damage reportedly sustained during the claimed event.

Cost Analysis

Loss Solutions Group has researched the costs using alternate vendor resources, historical references, similar equipment costs, and vendor experience and we have discussed the pricing with the vendor involved. The following is a breakdown of the associated costs.

T.M.G CONSTRUCTING (912-663-1227) QUOTE TOTALING $33,000.00

Loss Solutions Group has reviewed the amount of $33,000.00 for the replacement of the insured's commercial kitchen exhaust system and hood.

Included in the cost is an amount for a new exhaust fan, make-up air fan, 430 stainless steel grease ductwork from the hood down below to the exhaust fan on the roof (this includes ductwork, elbows,

© 2022 by Loss Solutions Group, LLC. All rights reserved.

duct tees, duct adapters, duct collars and duct reducers), support brackets, duct access door, an eight foot (8') wide kitchen hood, and other miscellaneous other smaller items. We submit these components are required to complete the replacement and the costs are fair and reasonable.

Loss Solutions Group has reviewed the labor costs for the vendor to diagnose the damage and to perform the repairs. We submit that these amounts are fair and reasonable to complete the scope of work as presented to us.

EAST GEORGIA FIRE & SAFETY (912-690-2527) QUOTE TOTALING $4,550.00

Loss Solutions Group has reviewed the amount of $4,550.00 for the replacement of the insured's fire suppression agent and other miscellaneous items.

Included in the cost is an amount for a 4.6 gallon Pyrochem bottle/wet chemical, fusible fire links, and nine (9) new blow away fire suppression heads. We submit these components are required to complete the repair and the costs are fair and reasonable.

Loss Solutions Group has reviewed the labor costs for the vendor to diagnose the damage and to perform the repairs. We submit that these amounts are fair and reasonable to complete the scope of work as presented to us.

EAST GEORGIA FIRE & SAFETY (912-690-2527) QUOTE DATED ON NOVEMBER 6, 2025 TOTALING $1,025.00

Loss Solutions Group has reviewed the amount of $1,025.00 for the relocation of two (2) fire sprinkler heads.

Included in the cost is an amount for cast iron piping and connections. We submit that these components were required to complete the repair, and the costs are fair and reasonable.

Loss Solutions Group has reviewed the labor costs for the vendor to diagnose the damage and to perform the repairs. We submit that these amounts are fair and reasonable to complete the scope of work as presented to us.

RCV

Loss Solutions Group submits an amount of $38,575.00 (RCV) as being fair and reasonable to return the insured to a pre-loss condition. A further breakdown of the pricing is available in the attached spreadsheet.

ACV

Loss Solutions Group submits an actual cash value (ACV) amount of $29,245.50 based on linear age depreciation of the materials only. We estimate that the average life expectancy of the equipment

© 2022 by Loss Solutions Group, LLC. All rights reserved.

varies based on the equipment type. A further breakdown of this is available in the attached spreadsheet.

Salvage

Loss Solutions Group submits that there is little to no salvage value associated with this claimed event.

Summary:

Loss Solutions Group's findings herein are based upon all information that was available at the time of this writing. The opinions are based upon reviewed documentation, interviews, research, experience, historical references, training and education.

1. The insured, Bourbon Grill & More LLC, claimed that their kitchen's hood, supply and exhaust fan, grease ductwork, and fire suppression system were damaged due to a fire event on February 2, 2025. A total amount of $38,575.00 was presented.

2. The insured reported that the affected equipment was around twenty-one (21) years old and in average condition at the time of the claimed event.

3. Loss Solutions Group has reviewed the information provided, and we have discussed the damage with the vendor involved. We submit that the proposed replacement path is warranted due to the higher extent of damage reportedly sustained during the claimed event.

4. Loss Solutions Group submits an amount of $38,575.00 (RCV) as being fair and reasonable to return the insured to a pre-loss condition. A further breakdown of the pricing is available in the attached spreadsheet.

5. Loss Solutions Group submits an ACV amount of $29,245.50 based on linear age depreciation of the materials only. We estimate that the average life expectancy of the equipment varies based on the equipment type. A further breakdown of this is available in the attached spreadsheet.

6. Loss Solutions Group submits that there is little to no salvage value associated with this claimed event.
